

Transforming IHP+ into the International Health Partnership for UHC 2030

Advancements and Challenges of UHC, Prince Mahidol Award Conference 2017
30th January 2017, Bangkok

*Background documents available at:
www.internationalhealthpartnership.net (Transforming IHP+)*

Rationale for establishing UHC2030

- **SDGs:** a renewed global commitment to health, universal agenda, focus on leaving no one behind
- The inclusion of **UHC** in the SDGs: an opportunity for a comprehensive & coherent approach through health systems strengthening (HSS)
- **Domestic resources** as the main source of funding for health systems around which we require more effective development cooperation(EDC)
- **Ebola & Zika** tragedies: a reminder of the importance of public health systems & multi-sectoral work for UHC
- **Building on IHP+** informed by evaluation and the challenge of SDGs, evolving tasks and membership

UHC2030 Aims & Objectives

Aim: *A movement for accelerated, equitable & sustainable progress towards UHC*

Key Objectives:

1. Strengthen multi-stakeholder policy dialogue & coordination on HSS in countries, incl. adherence to IHP+ principles & behaviours
2. Improve coordination on HSS at global level, incl. synergies with related networks
3. Facilitate accountability for progress towards HSS & UHC
4. Build political momentum for a shared global vision & advocacy for sufficient & appropriate resource allocation to HSS

- We give opportunities to **variety of actors to work better together**
- We help partners their **coordinate efforts on health system strengthening**
- We encourage partners/stakeholders to **advocate equitable policy and resources, track progress and empower them to hold each other accountable**
- We facilitate the **knowledge and experience sharing** among partners and beyond

Be a member of UHC2030

- Membership involves **endorsing the UHC2030 Global Compact** by official communication to UHC2030 Secretariat from a **senior representative on behalf of the Government or entity**
- Membership is voluntary and **NOT legally binding** and does **NOT involve any financial contribution**
- Your country or constituency's name/logo will be added to a list of signatories on the UHC2030 website
- Once endorsed, any signatory may initiate a **high-level ceremonial signing session using a hard copy of the UHC2030 Global Compact**
- While IHP+ Signatories were predominantly from low-income countries and development cooperation agencies, given the universality of the SDGs and UHC being an objective for all countries, **active engagement of middle-income and high-income countries are most welcome**

Be a member of the Steering Committee

- The Steering Committee of UHC2030 is composed of **six categories of constituencies**: countries, multilateral organizations, philanthropic foundations, civil society, private sector and ex-officio hosting organizations
- The country constituency includes **three seats for constituencies from each income group**: low-income, middle-income and high-income countries
- Representation is envisaged **for a year, renewable up to three years in total**

Potential benefits for countries and other entities to engage in UHC2030

- Engage in a **single platform for mutual learning among all relevant stakeholders** and across regions on what works in HSS in a comprehensive way
- Join hands to **improve coordination, advocacy and accountability at the global and country levels** to ensure progressive realization of UHC
- **Bring your regional, country and constituency perspectives** to the global health fore and **influence the global agenda on health system issues** that matter for your country
- Promote **the value of South-South and Triangular cooperation** and **the importance of peer learning** to support countries on the path to UHC
