#### 19:45-20:30 Reception/ Interactive session

**Youth Segment:** UHC is Young and Ambitious!

**Moderator:** Ms. Shanelle Hall, Deputy Executive Director, UNICEF

The UHC High-level Meeting in 2019 offers a powerful opportunity to foster political commitment and action, building on HLMs on AIDS, AMR, TB and NCDs. UHC must be achieved by 2030 to ensure good health and well-being for all. This means at least 1 billion more people will need access to essential health services every five years between 2015-2030.

This multi-stakeholder dialogue will discuss:

- Collaboration, alignment and harmonization across health-related SDGs and targets
- Investments to increase equity, access and security
- Building momentum to extend a package of essential health services
