- New sources of funding: Japan and Rockefeller Foundation (in add. to EC, Lux., Spain)

# An increasingly credible convening platform

- Joint vision paper: basis for common understanding of HSS; recognised as a reference framework beyond UHC2030 (G20 Berlin Declaration)
- Evolving collaboration among related initiatives: consultative processes for strategy development + role to play in implementation
- Consensus on collaborative agenda for fragility, transition and health systems assessments + mobilisation of emergency/preparedness and disease communities
- Advocacy: a framework beyond UHC2030 + joint messaging around high profile events (HLPF, UNGA, UHC Day)
- Accountability: multi-stakeholder review of progress - commentary on UHC Global Monitoring Report by CSOs, the Elders, youth, IPU, EWEC/IAP
- Requests from WHO regional offices for support on engagement with CSOs and

# Things happening in countries

- UHC Day celebration is growing momentum
- Country compacts: Liberia (incl. new structure in MoH), Côte d'Ivoire, Kyrgyz Republic (under way)
- PFM: joint assessment leading to joint financial management arrangements (Sierra Leone, Sudan, Liberia, Senegal, DRC)
- UHC Partnership: growing interest for support to policy dialogue (+ 30 countries)
- Guinea: joint partner missions

# Areas needing more attention in 2018

- Private sector constituency: outreach & dialogue on good practice, working with champions
- Effective development cooperation: revitalising the IHP+ agenda - stimulating consultation, building on dissemination of findings from 2016 IHP+ report, working closely with OECD/DAC
- Translating principles into country-level action in all countries: knowledge sharing key
- Strengthening the network of networks approach
