**Commitment**

**To establish strong health sector strategies which are jointly assessed, and strengthen accountability**

**Partners support a single national health strategy**

- Alignment of support against the Health Sector Strategy
  - Target: 100%
  - 100% of participating DPs confirm they align their support with the national (or sub-national /sector) Health Sector Strategy.

- Was the national health sector plan jointly assessed?
  - Yes

**Mutual accountability is strengthened**

- A national M&E plan for the National Health Strategy exists?
  - Target: 100%
  - 83% of participating DPs only use national health sector indicators to monitor their support.

- 67% of participating DPs confirm they participated in the mutual accountability processes.

**Commitment**

**To improve the financing, predictability and financial management of the health sector**

**Health development cooperation is more predictable**

- Government funds disbursed according to agreed schedules
  - Target 100%
  - DP funds disbursed to the government according to agreed schedules
  - Target 100%

- Predictability of funds for the future
  - Rolling 3 year budget or Mid-Term Expenditure Framework in place:
    - 2005/07
    - 2010/11
    - 2012/13
    - 2014/15

- 17% of participating DPs have communicated their planned resources for the next 3 years to the MoH.

**Health aid is on budget**

- % of DP funds reported on budget
  - 2014/15
  - 2012/13
  - 2010/11

  - Unknown or not applicable
**COMMITMENT**

**TO ESTABLISH, STRENGTHEN AND USE COUNTRY SYSTEMS**

### PUBLIC FINANCIAL MANAGEMENT (PFM) SYSTEMS ARE STRENGTHENED AND USED

<table>
<thead>
<tr>
<th>Year</th>
<th>2005</th>
<th>2010</th>
<th>2012</th>
<th>2014</th>

<td>4.5</td>
<td>4.5</td>
<td>4.5</td>
</tr>
</tbody>
</table>

**Source:** World Bank, CPIA data 2014

83% of participating DPs confirm that sufficient support on PFM systems strengthening and capacity building is in place. Important reforms guaranteeing the reliability of the PFM system are necessary in order to improve the use of this system by DPs.

### PROCUREMENT AND SUPPLY SYSTEMS ARE STRENGTHENED AND USED

33% of participating DPs use the national procurement and supply systems.

50% of participating DPs confirm that sufficient support on procurement or supply systems strengthening and capacity building is in place. Administrative burden and lack of confidence by DPs in national procurement procedures would explain their low use by DPs.

### TECHNICAL SUPPORT IS COORDINATED AND SOUTH-SOUTH COOPERATION SUPPORTS LEARNING

100% of participating DPs support the national TA plan.

100% of participating DPs support South-South cooperation.

Existence of South-South Partnership Agreements in the field of health with some countries. Examples: Co-operation Agreement with Cuba, technical assistance project proposals with South Africa, Algeria and Egypt, but still being at the project stage (ECD 6-1).

**COMMITMENT**

**TO CREATE AN ENABLING ENVIRONMENT FOR CIVIL SOCIETY ORGANISATIONS AND PRIVATE SECTOR PARTICIPATION IN THE HEALTH SECTOR**

### CIVIL SOCIETY ORGANISATIONS ENGAGEMENT

<table>
<thead>
<tr>
<th>What space does the government provide for CSOs to effectively participate in health sector policy, planning and monitoring? (Sources: Government qualitative survey and CSO online survey)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Government consults CSOs in the design, implementation or monitoring of national health policies</td>
</tr>
<tr>
<td>61% of CSOs confirm they are consulted</td>
</tr>
<tr>
<td>Government provides financial resources</td>
</tr>
<tr>
<td>52% of CSOs receive financial resources</td>
</tr>
<tr>
<td>Government provides training support</td>
</tr>
<tr>
<td>30% of CSOs receive training support</td>
</tr>
</tbody>
</table>

How effectively is the participation of CSOs in national health policy processes supported by development partners? (Sources: DP qualitative surveys and CSO online survey)

| 100% of DPs consult CSOs when developing their cooperation programme |
| 83% of DPs provide financial resources |
| 31% of DPs provide technical assistance |
| 33% of DPs receive financial resources |
| 41% of CSOs receive financial resources |
| 31% of CSOs receive technical assistance |

### PRIVATE SECTOR ENGAGEMENT

- Poor perception by private sector participants of government involvement in private sector health policy processes.
- Insufficient inspection of private health organisations by the Ministry of Health.
- Inadequate government and DP support for increased private sector contribution to health policy processes.
- The regulatory and legislative framework favours the creation and engagement of private health structures, but administrative procedures for establishment are rather lengthy.
- Lack of communication and fairly conflicting relations between private sector and government actors.
