2016 IHP+ MONITORING ROUND
National performance review

HOW TO READ THE COUNTRY PROFILE
All data presented on this visual aid are self-reported by the Ministry of Health (MoH), development partners (15 DPs out of 16 participated), civil society organisations (15 CSOs participated) and private sector representatives (14 PS participated) supporting the health sector. All data provided by DPs, CSOs and PS have in principle been validated by MoH.

The 8 Effective Development Cooperation (EDC) practices in health are captured in 4 commitments. The first three commitments present the performance of the government and DPs against 6 EDC practices. The last commitment also includes the opinion of the CSOs and PS on the EDC practices relevant to their engagement.

Where possible, trends in performance are documented over 4 monitoring rounds (2007, 2011, 2013 and 2015). When relevant, a comment relative to the EDC practice is provided in a text box.

For more detailed and disaggregated information on the data presented please visit www.internationalhealthpartnership.net/caboverde.

PRELIMINARY RESULTS

COMMITMENT
TO ESTABLISH STRONG HEALTH SECTOR STRATEGIES WHICH ARE JOINTLY ASSESSED, AND STRENGTHEN ACCOUNTABILITY

Alignment of support against the Health Sector Strategy
100% of participating DPs confirm they align their support with the national (or sub-national /sector) Health Sector Strategy.

Was the national health sector plan jointly assessed?
DP 80%
CSO ✓
PS x
Stakeholders that supported the joint assessment

50% of participating DPs only use national health sector indicators to monitor their support.

A national M&E plan for the National Health Strategy exists?
TARGET 100%
20% of participating DPs confirm they participated in the mutual accountability processes

TARGET 100%
75% of participating DPs confirm they participated in the mutual accountability processes

There is no evidence of an M&E plan for the national health strategy and, even if it exists, there is no record of actions taken in this regard

MUTUAL ACCOUNTABILITY IS STRENGTHENED

Let us help you understand

Healthy aid is on budget

75% of participating DPs confirm they participated in the mutual accountability processes

% of DP funds reported on budget

2014/15 4% 100%
2012/13 65%
2010/11 100%

Resource management is not done through a single channel and this can overshadow the transparency of the process. This result only includes information on WHO, Portugal and UNICEF / UNFPA.

HEALTH DEVELOPMENT COOPERATION IS MORE PREDICTABLE

Predictability of funds for the future
Rolling 3 year budget or Mid-Term Expenditure Framework in place:

2005/07 2010/11 2012/13 2014/15
0.0 100% 25% 75%

20% of participating DPs have communicated their planned resources for the next 3 years to the MoH.

Government funds disbursed according to agreed schedules

DP funds disbursed to the government according to agreed schedules

Government funds disbursed according to agreed schedules

DP funds disbursed to the government according to agreed schedules

**COMMITMENT**

**TO ESTABLISH, STRENGTHEN AND USE COUNTRY SYSTEMS**

**PUBLIC FINANCIAL MANAGEMENT (PFM) SYSTEMS ARE STRENGTHENED AND USED**

Are PFM systems of sufficiently good quality?

75% of participating DPs confirm that sufficient support on PFM systems strengthening and capacity building is in place.

The management system includes several flows that are not always articulated with each other. Therefore, the MoH and MoF data do not match. This result only includes information on WHO, UNODC and Portugal.

**PROCUREMENT AND SUPPLY SYSTEMS ARE STRENGTHENED AND USED**

A government plan for national procurement and supply exist?

25% of participating DPs use the national procurement and supply systems.

50% of participating DPs confirm that sufficient support on procurement or supply systems strengthening and capacity building is in place.

The government procurement and supply plan applies at the national level and at the international level (they have a plan and own procurement system).

**TECHNICAL SUPPORT IS COORDINATED AND SOUTH-SOUTH COOPERATION SUPPORTS LEARNING**

An agreed national TA plan exists?

80% of participating DPs provide TA in line with the national plan.

80% of participating DPs support South-South cooperation.

There is probably no TA plan and DPs only respond to specific government requests. In South / South cooperation, AT plans are previously agreed, but the volume of investments cannot be determined.

**PRIVATE SECTOR ENGAGEMENT**

The relationship between MoH and the private sector is very superficial and is limited to the mandatory completion of weekly epidemiological reports on notifiable diseases and STIs.

There is practically no PS engagement in the process of health policy dialogue.

It is imperative to regulate the practice of private medicine in Cape Verde to guarantee the provision of quality health services and make professionals responsible.

International partners do not support private sector participation in health policy procedures. The DPs relate exclusively to the government.

There is freedom do create associations and unions but it is rarely done.

**COMMITMENT**

**TO CREATE AN ENABLING ENVIRONMENT FOR CIVIL SOCIETY ORGANISATIONS AND PRIVATE SECTOR PARTICIPATION IN THE HEALTH SECTOR**

**CIVIL SOCIETY ORGANISATIONS ENGAGEMENT**

What space does the government provide for CSOs to effectively participate in health sector policy, planning and monitoring? (Sources: Government qualitative survey and CSO online survey)

- 47% of CSOs confirm they are consulted
- 14% of CSOs receive financial resources
- 60% of CSOs receive technical assistance
- 8% of CSOs receive training support

How effectively is the participation of CSOs in national health policy processes supported by development partners? (Sources: DP qualitative surveys and CSO online survey)

- 100% of DPs consult CSOs when developing their cooperation programme
- 60% of CSOs confirm they are consulted
- 38% of CSOs receive financial resources
- 25% of CSOs receive training support
- 80% of DPs provide financial resources
- 80% of DPs provide technical assistance

**PUBLIC FINANCIAL MANAGEMENT (PFM) SYSTEMS ARE STRENGTHENED AND USED**

Percentage of DP funds using PFM systems

- 55% in 2005/07
- 6% in 2014/15
