**SENEGAL**

**2016 IHP+ MONITORING ROUND**

**National performance review**

All data presented on this visual aid are self-reported by the Ministry of Health (MoH), development partners (11 DPs out of 16 participated), civil society organisations (14 CSOs participated) and private sector representatives (19 PS participated) supporting the health sector. All data provided by DPs, CSOs and PS have in principle been validated by MoH.

The 8 Effective Development Cooperation (EDC) practices in health are captured in 4 commitments. The first three commitments present the performance of the government and DPs against 6 EDC practices. The last commitment also includes the opinion of the CSOs and PS on the EDC practices relevant to their engagement.

Where possible, trends in performance are documented over 4 monitoring rounds (2007, 2011, 2013 and 2015). When relevant, a comment relative to the EDC practice is provided in a text box.

For more detailed and disaggregated information on the data presented please visit www.internationalhealthpartnership.net/senegal.

**HOW TO READ THE COUNTRY PROFILE**

All data presented on this visual aid are self-reported by the Ministry of Health (MoH), development partners (11 DPs out of 16 participated), civil society organisations (14 CSOs participated) and private sector representatives (19 PS participated) supporting the health sector. All data provided by DPs, CSOs and PS have in principle been validated by MoH.

The 8 Effective Development Cooperation (EDC) practices in health are captured in 4 commitments. The first three commitments present the performance of the government and DPs against 6 EDC practices. The last commitment also includes the opinion of the CSOs and PS on the EDC practices relevant to their engagement.

Where possible, trends in performance are documented over 4 monitoring rounds (2007, 2011, 2013 and 2015). When relevant, a comment relative to the EDC practice is provided in a text box.

For more detailed and disaggregated information on the data presented please visit www.internationalhealthpartnership.net/senegal.
**Commitment**

**To establish, strengthen and use country systems**

### Public Financial Management (PFM) Systems are strengthened and used

- Are PFM systems of sufficiently good quality?
  - 2005: 3.5
  - 2010: 3.5
  - 2012: 3.5
  - 2014: 3.5

- Percentage of DP funds using PFM systems
  - 2005/07: 88%
  - 2010/11: 8%
  - 2012/13: 15%
  - 2015: 8%

**Source:** World Bank, CPIA data 2014

**50%**

50% of participating DPs confirm that sufficient support on PFM systems strengthening and capacity building is in place.

With the advent of the MTEF / MTSEF, then the DPPD, and Annual Work Plans as part of the introduction of public finance reform in the UEMOA area, the State has introduced improved legibility of the system with more consistency in the use of resources. Management is now focused on results.

### Procurement and supply systems are strengthened and used

- A government plan for national procurement and supply exist?
  - ✔️ 70%

- Percentage of participating DPs use the national procurement and supply systems
  - 2005: 88%
  - 2010: 8%
  - 2012: 15%
  - 2015: 8%

**50%**

50% of participating DPs confirm that sufficient support on procurement or supply systems strengthening and capacity building is in place.

The existence of a cabinet-level procurement unit and the development of instruments and resources for capacity building illustrate the willingness of the State to ensure transparency in its actions.

### Technical support is coordinated and South-South cooperation supports learning

- An agreed national TA plan exists?
  - ✔️ 30%

- Percentage of participating DPs provide TA in line with the national plan
  - 2005/07: 30%
  - 2010/11: 70%
  - 2012/13: 70%
  - 2015: 70%

**South-South cooperation is still weak except on the research side where important partner-supported programmes enhance cooperation between researchers from the South. In this context, Senegal is a member of the WANETAM (West African Network Tuberculosis, Aid and Malaria) grouping Mali, Senegal, The Gambia, Burkina Faso, Guinea Bissau, Ghana and Nigeria.**

**PRIVATE SECTOR ENGAGEMENT**

Prior to 2014, private sector participation was not optimally managed.

Establishment of a Private Sector Alliance and Private Sector Assessment.

The Ministry of Health wishes to see the private sector take into account the objective of UHC.

Creation of the partnership, as well as private medicine and occupational medicine divisions illustrate the willingness of the State to develop private sector potential.

In the PSE, an important part is reserved for the private sector with the design of major projects such as “Dakar Medical City”.

**Commitment**

**To create an enabling environment for civil society organisations and private sector participation in the health sector**

### Civil Society Organisations Engagement

What space does the government provide for CSOs to effectively participate in health sector policy, planning and monitoring? (Sources: Government qualitative survey and CSO online survey)

- Government consults CSOs in the design, implementation or monitoring of national health policies
  - ✔️ 64% of CSOs confirm they are consulted

- Government provides financial resources
  - ✔️ 8% of CSOs receive financial resources

- Government provides training support
  - ✔️ 14% of CSOs receive training support

**50%**

50% of participating DPs consult CSOs when developing their cooperation programme.

67% of CSOs confirm they are consulted.

50% of CSOs receive financial resources.

40% of CSOs receive technical assistance.

### Private Sector Engagement

- Public financial management (PFM) systems are strengthened and used
  - 50% of participating DPs confirm that sufficient support on PFM systems strengthening and capacity building is in place.

- Procurement and supply systems are strengthened and used
  - 50% of participating DPs confirm that sufficient support on procurement or supply systems strengthening and capacity building is in place.

- Technical support is coordinated and South-South cooperation supports learning
  - 30% of participating DPs provide TA in line with the national plan.

**Source:** Word Bank, CPIA data 2014

**CPIA Score**

- 2005: 3.5
- 2010: 3.5
- 2012: 3.5
- 2014: 3.5

**Target:**

- 80% CPIA Score in 2015
