Development partner (DP) visual aid: KOREA

The 8 Effective Development Cooperation (EDC) practices in health are captured in 4 commitments. The first three commitments present the performance of the DPs against 6 EDC practices. The fourth commitment regards DP support to civil society and private sector.

**Commitment to establish, strengthen and use country systems**

**Public financial management (PFM) systems are strengthened and used**

DP funds use national expenditure procedures. Note: data provided only for countries with CPIA 3.5 or higher.

**Commitment to create an enabling environment for civil society organisations and private sector participation in the health sector**

**Civil society organisations engagement**

DP supports CSOs. (Support can include consultation, financing, training and/or technical support)

**Private sector engagement**

DP supports private sector organisations. (Support can include financing or technical support)

**How to read the performance profile**

All data presented on this visual aid are self-reported by the development partner (DP), or provided by the ministry of health (MoH), the civil society organizations (CSOs) and private sector (PS) representatives in the 2 countries for which the DP reported (see list of countries at the back). All data provided by government, CSOs and PS have in principle been validated by MoH. Where possible, trends in performance are documented over the last 2 monitoring rounds (2014 and 2016). For complementary information such as the Country 2016 monitoring report please visit www.internationalhealthpartnership.net.
