

Moving Together to Build a Healthier World

Key Asks from the UHC Movement

“

*UN HLM is a major opportunity to mobilise the highest political support for **UHC as the cornerstone to achieving SDG3 and unite health agenda together under a common theme.***

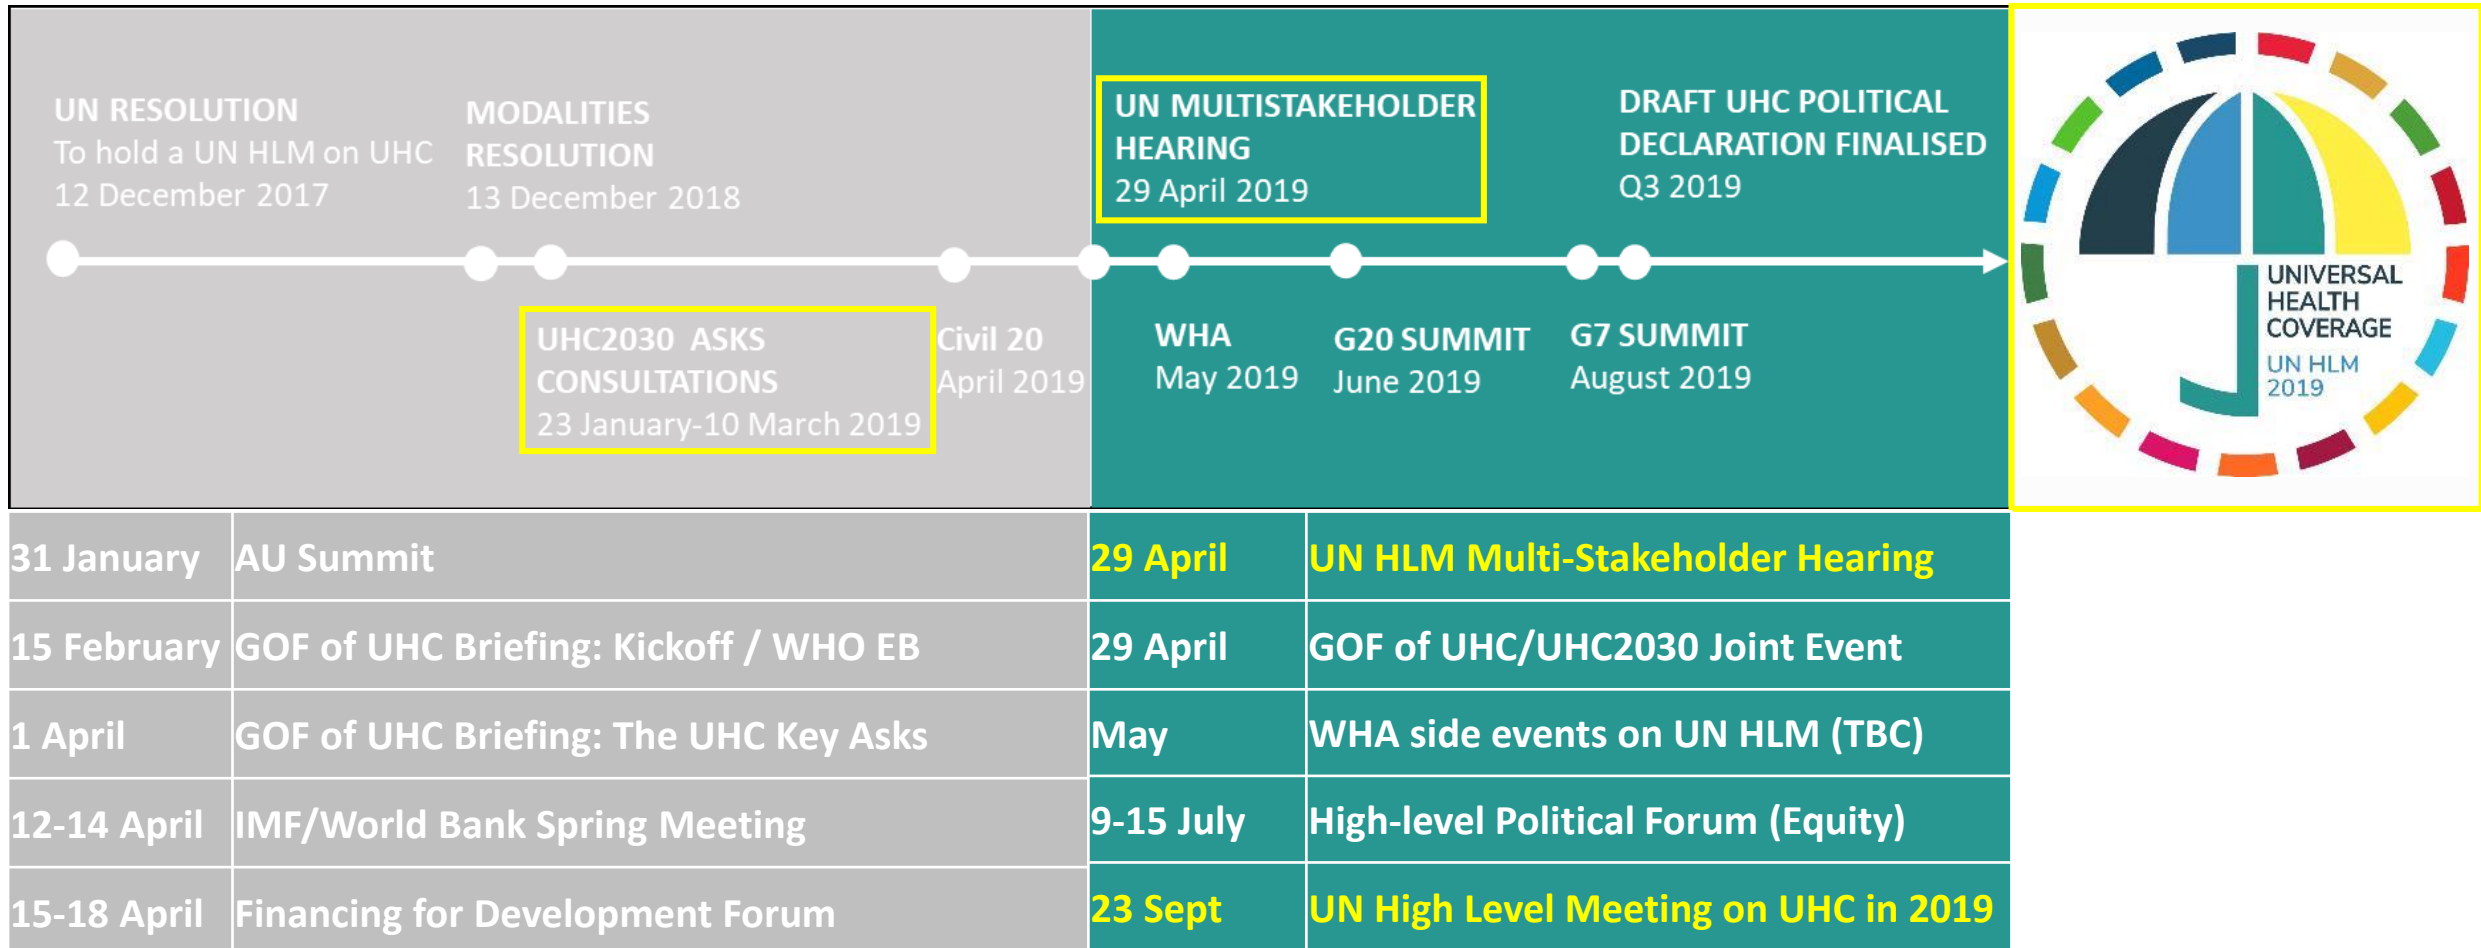

What is UHC2030?

- UHC2030 is a movement to accelerate progress toward UHC by providing a multi-stakeholder platform that promotes collaboration on health systems strengthening at the global and country levels.
- We advocate for increased political commitment, facilitate accountability and promote knowledge sharing to develop strong, sustainable and equitable health systems.
- UHC2030 has been tasked to support Member States (A/RES/72/139) and the UN HLM preparation process (A/RES/73/131) with a focus on “sharing evidence and good practices, challenges and lessons learned.”

UHC2030 Multi-stakeholder Consultations

Focus Group	Opportunity	Date & Time	Place
All	Online Survey	January-March	UHC2030 web page
Private Sector	World Economic Forum Meeting	23 January	Davos, Switzerland
	Africa Health Agenda Int' Conference	5 March	Kigali, Rwanda
Academia & Practitioners	Prince Mahidol Awards Conference	30 January	Bangkok, Thailand
Health System Networks	UHC2030 Related Initiatives	11 February	Video Conference
Parliamentarians	IPU Annual Parliamentary Hearing	22 February	New York, USA
Youth	AHAIC, Youth Conference	3-4 March	Kigali, Rwanda
	IFMSA General Assembly	1-7 March	Portoroz, Slovenia
Civil Societies & Communities	Africa Health Agenda Int' Conference	6 March	Kigali, Rwanda
All	UHC2030 Steering Committee	28 March	Video Conference

UN HLM Key Milestones

The UHC Key Asks from the UHC Movement

6 Key Asks, 6 Milestones and 36 Action Agenda

- Ask 1** **Ensure Political Leadership Beyond Health** – Commit to achieve UHC for healthy lives and well-being for all at all stages, as a social contract.
- Ask 2** **Leave No One Behind** – Pursue equity in access to quality health services with financial protection.
- Ask 3** **Regulate and Legislate** – Create a strong, enabling regulatory and legal environment responsive to people's needs.
- Ask 4** **Uphold Quality of Care** – Build quality health systems that people and communities trust.
- Ask 5** **Invest More, Invest Better** – Sustain public financing and harmonise health investments.
- Ask 6** **Move Together** – Establish multi-stakeholder mechanisms for engaging the whole of society for a healthier world.

MILESTONE	
1	By 2023, governments incorporate aspirational health-related SDG targets into national planning processes, policies and strategies to ensure everyone can access quality health services without financial hardship.
2	By 2023, governments report disaggregated data to SDG official statistics to capture the full spectrum of the equity dimensions of UHC monitoring progress (SDG 3.8.1 and 3.8.2).
3	By 2023, governments introduce legal and regulatory measures that accelerate progress toward UHC.
4	By 2023, the coverage of quality essential health services has been delivered to one billion additional people (SDG 3.8.1).
5	By 2023, governments adopt ambitious investment goals for UHC, make progress in mobilising domestic pooled funding and reduce catastrophic health expenditure (SDG 3.8.2).
6	By 2023, all UN Member States endorse the UHC2030 Global Compact and establish multi-stakeholder platforms to ensure the involvement of civil society, communities and the private sector, in regular policy dialogue and review of progress with all government actors.

NOTE: Action Agenda is not included in the slides, and please refer the distributed brochure.

KEY ASK 1: Ensure Political Leadership Beyond Health

Commit to achieve UHC for healthy lives and well-being for all at all stages, as a social contract.

- Health is the foundation for people, communities and economies to reach their full potential.
- UHC is primarily the responsibility of governments, which ensure people's health as a social contract.
- Achieving UHC is essential for inclusive development, prosperity and fairness, and requires political decisions that go beyond the health sector.

MILESTONE:

By 2023, governments incorporate aspirational health-related SDG targets into national planning processes, policies and strategies to ensure everyone can access quality health services without financial hardship.

KEY ASK 2: Leave No One Behind

Pursue equity in access to quality health services with financial protection.

- Health is enshrined as one of the fundamental rights of every human being.
- UHC is key to reducing poverty and promoting equity and social cohesion. Governments should invest in everyone's health.
- Extension of geographical coverage and reaching the most marginalised and hard-to-reach populations are essential to achieving positive health outcomes.
- A strong system for monitoring and evaluation is needed to ensure accountability and participation.

MILESTONE:

By 2023, governments report disaggregated data to SDG official statistics to capture the full spectrum of the equity dimensions of UHC monitoring progress (SDG 3.8.1 and 3.8.2).

KEY ASK 3: Regulate and Legislate

Create a strong, enabling regulatory and legal environment responsive to people's needs.

- UHC requires a sound legal and regulatory framework and institutional capacity to ensure the rights of people and meet their needs.
- Governments are the primary duty bearer under the International Covenant on Economic, Social and Cultural Rights, even in cases when they rely on private providers.

MILESTONE:

By 2023, governments introduce legal and regulatory measures that accelerate progress toward UHC.

KEY ASK 4: Uphold Quality of Care

Build quality health systems that people and communities trust.

- Quality primary health care (PHC) is the backbone of UHC and creates trust in public institutions.
- Expansion of health coverage must be accompanied by investments in the quality of health services.
- People should be able to access a full spectrum of safe, quality services and products in their community, delivered by well-trained, well-paid, culturally and gender-sensitive health workers.

MILESTONE:

By 2023, the coverage of quality essential health services has been delivered to one billion additional people (SDG 3.8.1).

KEY ASK 5: Invest More, Invest Better

Sustain public financing and harmonise health investments.

- Current funding levels are insufficient to achieve UHC by 2030.
- Governments need to increase domestic investment and allocate more public financing for health through equitable and mandatory resources.
- Governments must improve efficiency and equity in the use of existing resources and reduce reliance on impoverishing out-of-pocket payments.
- Development assistance to health should reduce fragmentation and strengthen national health financing capacities.

MILESTONE:

By 2023, governments adopt ambitious investment goals for UHC, make progress in mobilising domestic pooled funding and reduce catastrophic health expenditure (SDG 3.8.2).

KEY ASK 6: Move Together

Establish multi-stakeholder mechanisms for engaging the whole of society for a healthier world.

- All countries must take active steps to meaningfully engage non-governmental actors -particularly from unserved, underserved or poorly-served populations - in shaping the UHC agenda.
- Solutions for each country must be tailored to context and population needs.
- The international community and global health partners should unite to support countries to build a healthier world.

MILESTONE:

By 2023, all UN Member States endorse the UHC2030 Global Compact and establish multi-stakeholder platforms to ensure the involvement of civil society, communities and the private sector, in regular policy dialogue and review of progress with all government actors.
